

SecureAlerts

Introducing SecureAlerts.

When it happens, you know. Talk about a feeling of security.

New SecureAlerts from Sterling Federal Bank let you know the moment something important happens in your account by instantly sending a message via text*, email, or to your Online Banking message center.

With SecureAlerts you'll always know exactly what's happening with your money, and you can watch for suspicious activity. It's a free service for our customers.

Choose from several SecureAlerts.

Monitor your account activity such as:

A purchase using your debit card was just processed.

You instantly know.

An ATM withdrawal is made.

You instantly know.

A check clears that exceeds the amount you set.

You instantly know.

Delivered the way you want.

Messages are sent instantly using any of the delivery channels you choose:

Text Messages

One of the easiest ways to receive SecureAlerts is through text messages on your smartphone*, or wearable devices.

Email

Receive email messages about your account activity.

Online Banking Message Center

View your SecureAlerts every time you log on to Online Banking.

*Message and data rates may apply.

Set up your real time SecureAlerts:

	Log on to Online Banking. Select Alerts.
	Click each Category in Alert Options to view the list of available alerts.
	Select the Alerts you want to receive for each account. Then check how you would like to receive them, and Save.

You'll now receive a message the moment any of your alerts are triggered. It's that simple.

With SecureAlerts you'll always know exactly what's happening with your money, and you can watch for suspicious activity.

We invite you to set up your SecureAlerts starting Tuesday, April 2nd.
